CLINICAL PROGRAMS for Mentally Retarded Children

DISCRIMINATION PROHIBITED--Title VI of the Civil Rights Act of 1964 states: "No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." Therefore, the programs of the Children's Bureau like every program or activity receiving financial assistance from the Department of Health, Education, and Welfare, must be operated in compliance with this law.

This is the seventh listing of special clinical facilities for mentally retarded children compiled by the Children's Bureau. In general, the clinics which have been listed are those which can be defined as outpatient medical facilities providing comprehensive evaluation, treatment, or follow-up services primarily to children suspected of or diagnosed as mentally retarded, by an inter-disciplinary team, of which a physician takes the medical responsibility for all patients seen and is in attendance at regularly scheduled hours.

Initially developed to facilitate the exchange of new ideas, approaches and techniques among these special programs, the listing has also been of use to some agencies and programs as a partial directory of specialized clinical services for this group of children.

Facilities which are designated by (*) are being supported fully or in part with Maternal and Child Health or Crippled Children's Funds through the Children's Bureau, Welfare Administration, Department of Health, Education, and Welfare, Washington, D.C.

In developing this listing, the Children's Bureau has functioned only as a reporter. The information about each facility was provided by the clinic itself. Inclusion of a facility in this list does not constitute an endorsement by the Bureau, nor has the Bureau necessarily attempted to evaluate either these facilities or their services.

The Bureau would appreciate being informed of changes or additions to this compilation.
